

Resilience on God in 2025

Sunday April 27th – Pray for the persecuted

On February 13, 2025, Islamists abducted a Christian mother of five as she worked on her family's farm in Bocaranga, in the Central African Republic. "That day I didn't go to the garden I stayed at home." Said her husband, Emil. The kidnappers have called Emil and demanded an exorbitant ransom for her return. "I don't have any solution, so I cry out to the Lord for help in this situation. I cry out to him," he said. Local Christian leaders request prayer that God will change the attackers' hearts and bring peace to their land.
